General Information

Using This Parts Price List Book

Should a part be used only with a certain type of fuel (L.P., NG, or kerosene) then that fuel type will be in the part description. Throughout this publication the abbreviation “HSI” stands for hot surface ignition, and “SI” stands for spark ignition.

Selection and Application of Parts

Interpretation of any owner’s manual and the application of any part shall be the responsibility of the purchaser. Customers requiring assistance in selection and identification of repair service parts should contact their nearest dealer, wholesaler, or the L.B. White Company, LLC for assistance.

When an L.B. White part number is listed in the parts price list, but retail price is not indicated, reference will be noted on the parts price list either to use another L.B. White part number or that the part has become obsolete. The literature referenced is normally an L.B. White Service Bulletin to explain the reason for change and to aid parts replacement.

Substitution

The L.B. White Company, LLC reserves the right to substitute parts of a similar design and/or parts of a similar material. Owners’ Manuals or the guides below should be used in conjunction with this price list. For further instruction on how to use any of the listed guides, please contact Customer Service at L.B. White Company, LLC

Prices

All prices are subject to change without notice. All prices F.O.B. Onalaska, Wisconsin USA. Minimum order is \$40.00 net. There is a same day expedited order fee of \$20 in addition to freight charges.

A. Heaters

L.B. White Company, LLC warrants that its heaters and component parts will be free from defects in material and workmanship for periods of 12, 24, or 36 months depending on the product and application from date of purchase, when properly installed, operated, and maintained in accordance with the Installation and Maintenance Instructions, safety guides and labels contained with each unit. If any component proves defective in either material or workmanship during the limited warranty period, L.B. White will, at its option, repair the defective part or equipment, or replace it with a new part or equipment.

Proof of purchase and warranty qualification must be established at time of return.

A warranty card on file at L.B. White will automatically qualify a unit or its component parts for warranty consideration.

If a warranty card is not on file, a copy of the bill of sale must be provided at time of return.

B. Parts

L.B. White Company, LLC warrants that replacement parts purchased from the company and used on the appropriate L.B. White equipment are free from defects both in material and workmanship for 12 months from the date of purchase from L.B. White. White will, at its option, repair or replace the defective part without charge if returned to L.B. White.

Proof of purchase and warranty qualification must be established at time of return.

Warranty is automatic if a component is found defective within 12 months of the date code marked on the part.

If the defect occurs more than 12 months later than the date code but within 12 months from the date of purchase, a copy of the bill of sale must be provided at time of return.

This limited warranty does not apply to heater, component or replacement part damage resulting from incorrect installation, misuse, abuse, accident, neglect, mishandling, incorrect environments, or wear from ordinary use.

THE WARRANTY SET FORTH ABOVE IS THE EXCLUSIVE WARRANTY PROVIDED BY L.B. WHITE, AND ALL OTHER WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE EXPRESSLY DISCLAIMED.
